SAINT PATRICK'S DAY

Sean: - Top of the day to you Haley: And the rest of the day to yourself Let's find out more about this distinguished man of the day.

What we know about Patrick was mostly written by himself. We believe that he was born in the fourth century from wealthy parents. His father was a deacon and his grandfather, a priest in the Christian Church. It is said that, at the age of sixteen, he was kidnapped by Irish raiders, taken to Ireland where he worked as a shepherd for six years. During that time, he discovered God who helped him find his way back home. Becoming a priest, he returned to Ireland to convert the pagan Irish to Christ. His efforts against them turned into a story in which he drove the snakes out of Ireland. (Ireland never had snakes.)

Through the years, many more legends grew up.

Saint Patrick's is a day to celebrate the heritage and culture of the Irish, to wear green or shamrocks and to be proud! It is celebrated in more countries than any other national festivals. Historically, the Lenten restrictions on eating and drinking were lifted for the day.

HAPPY SAINT PATRICK'S DAY!
